Funding request & terms

Alatau Onsite · Proposed City payments and external startup capital

KZT 1.04bn

Proposed upfront payment

Milestone 0–1 · Months 1–12

Launch funding: formation, setup and selection, then the first six months of cohort 1 delivery.

Release / period	Payment KZT	Cumulative KZT	Operating scope
Upfront · Milestone 0–1 M1–12	**1.04bn**	1.04bn	Formation, setup and first six months of cohort 1; prepare cohort 2.
Second release M13–24	**990m**	2.03bn	Cohorts 2 and 3 launch; overlapping delivery and follow-on support.
Third release M25–36	**890m**	2.92bn	Cohort 4 launches and completes its programme; prior-cohort support.
Final release M37–42	**450m**	3.37bn	Final six months of cohort 4 follow-on support and programme close-out.

KZT 3.37bn **Maximum total City operating contribution across all 42 months.** Entirely finances Onsite operations.

Proposed phasing for discussion, against agreed milestone budgets and cash-flow requirements. The ceiling includes KZT 250m for recruitment and awareness.

KZT 3.20bn External startup capital

VC partners and Kazakhstani sovereign wealth / government-related funds finance **40 startup checks of KZT 80m**. The City and Founders jointly source this capital; **Alatau City is not asked to fund these checks itself.**

Combined provisional cash envelope: KZT 6.57bn. City operating funding and consortium investment capital remain separate.

Startup equity & investment returns

8% of each admitted startup's global-parent equity, allocated as follows:

5%
Funding consortium

1%
Alatau City UBI Fund
Resident exposure via $AUBI

2%
Onsite
Equity management fee

One-time 2% equity fee across all startups in the initial four-cohort cycle; renewed at the next accelerator funding round under separate terms. No cash management fee reduces the KZT 3.20bn startup capital.

20%
carry

Onsite earns 20% of realised **whole-consortium portfolio net profits**, after return of all contributed capital and agreed costs (counted once). Investors receive 80%. The Fund's 1% and Onsite's 2% equity holdings are excluded.

City fitted workspace, accommodation and startup formation/localisation support are in kind. Fund/$AUBI and investment-vehicle budgets are separately scoped. Funding figures are provisional.

Operator, people & mandates

Persistent Onsite Group · A locally established Alatau operating entity

Max · Misha · Vlad · Lyubomir

The four individuals will jointly establish **Persistent Onsite Group in Alatau City**. This local entity will create and operate the Onsite Accelerator.

60% Founders / 40% City

City operating capital subscribes for its 40% stake in the operating entity. All funding finances Onsite operations.

Full operating team · 11 people

All roles full-time, Kazakhstan-based and budgeted for all 42 months.

KZT 27.40m/month

Gross staff payroll, plus an 18% provisional employer-cost allowance.

KZT 7.93m/month per Founder

KZT 31.70m/month combined across all four Founders.

Founder services: entity formation, strategy, mentoring and MD oversight. The MD runs daily operations; operational mandates are set out below.

Mandates

Persistent Onsite Group

Accelerator operations; team management; cohort selection; track development; Expert Council management.

Autonomous execution, without prior City sign-off.

Alatau City

Direct approval of new funding at each milestone.

Retains full veto authority, including startup admissions, and 51% of board voting authority.

Compensation is provisional; the 18% employer provision is not a statutory flat rate. Founder retainers are quoted per person. Two Founder representatives visit quarterly, with extra visits as build-out needs require; travel remains bundled in corporate services.

Delivery, outcomes & ecosystem

42 months · Four cohorts of 10 · Global recruitment from Alatau

Prototype / MVP-stage pre-seed and seed teams in AI, Robotics, AI Infrastructure and on-chain finance. Each receives a **12-month programme plus six months of follow-on support.**

Months 1–3 · Formation

Entity formation and full-time team onboarding.

Months 4–6 · Startup & selection

Programme setup and first-cohort selection.

Cohort 1 **M7** | Cohort 2 **M13** | Cohort 3 **M19** | Cohort 4 **M25**

KZT 80m per startup: KZT 40m at admission + KZT 40m after an agreed milestone review. The final cohort completes follow-on support in month 42.

Each startup establishes an **Alatau entity**, with a hybrid team and required on-site participation. Equity interests are in the global parent.

Core programme KPIs

500	**Applications**	Combined across four cohorts; at least 125 completed applications per cohort.
≥70%	**International applications**	Non-Kazakh founders; at least 350 applications at a total of 500.
40/40	**Alatau participation**	All admitted startups establish a local entity and meet hybrid / on-site terms.
60%	**Commercial validation**	24 of 40 launch commercially with verified customer revenue or a paid pilot within 18 months of admission.

Measure all admitted startups, including withdrawals; record entry traction and subsequent progress. City pilots / contracts depend on fit with evolving City needs; no fixed quota.
